

My Dearest Sweetest Jess,

Honey, I love everything u gave me for christmas. But the one I cherish the most is ur love. I haven't heard I love you from anyone but family at christmas time. But sometimes I was forgotten because my Aunts & Uncle's had other things to do, plus their own kids. So, honey, u know know y I cherish those 3 little words. You had made this my best christmas ever. I will never forget Christmas 2005 because of you, Sweetie.

Baby, I'm so excited about running with u. I want u in my life now, tomorrow, & forever. U mean everything to me, honey. Without u in my life I am nothing. u give me a reason to keep on going. Honey, I can never, ever repay you for everything u have done or given me. That is y I love you, so much honey. My love is unconditional. And it will be til the day I Die.

have even known. If u cant tell by
now I am madly & Deeply in love with
u and only u. Honey, I don't want anyone
else in my life. I have found my perfect
angel and I'm never leaving u til u
tell me too. U r very much stuck
with me honey. I'm not leaving and only
u hold the key to let me go. No one else
will make me leave u. I will fight them
to the death, baby.
